ASPECT OF AFFAIRS IN FLORIDA. - We publish ed yesterday an account of horrible atrocities committed in Florida-netwithstanding the war has been officially ended. In explanation of the manner in which Col. Worth came to issue his order while this last news makes it evident that peace is not to be expected, the Tallahasse Sentine makes the following statement of affairs in Flori-

About a menth since, a Creek Indian, named Ockaleesa, came into Cedar Keys, stating that his family were starving. Col. Werth sent him out with a friendly message to the Creeks. On his return, he told the Colonel that the majority of his band had gone on a war party to Middle Florida but that old Octiachee and Tiger-tail, with seven or eight others, had retired down South, being unwilling to fight. A runner was sent to them, and old Octiachee, principal sense-keeper, together with Tiger-tail and others, making nine in all. came in, and on or about the 12th instant, held a council with Col. Worth, and made a treaty of peace. Tiger-tail was anxious to go West, as his family and people are already there.

The Creeks say they cannot go, as they formerly murdered a part of the Arkansas delegation, a crime which is never forgiven, and they expect to be sacrificed if they go. They are perfectly willing to go to the country defined in the general order, but they beg time to get in their crops. Meanwhile they will retire East of the Suwannee immediately. Col. Worth has offered them in ducements to go now, by promising to buy their crops, remunerate them for all losses, and furnish steamboat transportation for their effects.

The most important of our news as regards Col. Worth's order, is this: Old Octiachee, when he came in confirmed the story of Ockaleesa, by telling Col. W. that previous to his receiving his friendly message, the majority of his band had gone on the war party to Middle Florida, under his brother, young Octiachee; that Col. W. must expect to hear bad news from this section of country; the band was now beyond his control. and that whites and Indians would both be likely to be killed in bona fide war. He had sent runners to apprize them of the council and the cessation of hostilities, and promised that war should positively cease.

Col. Worth withheld his order for some time. and sent a boat to Port Leon, for the express purpose of hearing whether there was any bad news from the war party, and on his return, finding al quiet, he issued the order on the 14th inst.

Col. Worth left Cedar Keys on the 14th inst. accompanied by Major Cooper, Dr. Harney and Lieut. Sprague, for Washington. He, of course had not heard of the outbreak on the Aucilla. We regret that the gallant Colonel's services could net be retained until the close of this embarrassing war. He has rendered his country much valuable aid, and will long be remembered with gratitude by the people of Florida. Five companies of in fantry and one of dragoons will remain for the present for the protection of the inhabitants of Middle Florida.

The command now devolves upon Celonel Vose. of the 4th Infantry-a veteran of thirty years military experience; a man of great dignity of character and experience; and said to have great weight and influence at Washington. He is popular in the army, and favorably known to the citizens of Middle Florida, though his residence among them does not exceed a few months. We hope he will urge upon Government the ne-

cessity of pushing vigorously this war to a close.

AN IMPOSTER .- A fellow, representing himself to be Mr. Anderson, Chief Engineer of the Fire Department, has, for several days past, been solicising from some of our charitable citizens, aid for the widow of a fireman said to have been killed as a late fire. His story is utterly false. The fire department have a fund, from which widows are supplied and do not solicit charity in the mode adopted by this impostor, who is represented to be of dark complexion, with large black whiskers. The Chief Engineer is of fair complexion, and without whiskers. [American.

TREATY WITH THE SENECAS .- The Madisonia: announces the ratification by the Senate of the United States, of the treaty concluded at Buffalo in March last, by the Hon. Ambrose Spencer, in behalf of the United States. The Senecas cede about 70,000 acres of good land, being two of their reservations, the Buffalo and Tonewanda. and retain two, the Cattaraugus and Chautauque.

AN INDIAN SHOT .- The Cattaraugus Republi can of the 22d says: "On Friday, the 13th inst. a man by the name of Lafayette Keider, at Cold Spring, in attempting to shoot a hawk, accidentally shot an Indian, who was standing on a rising piece of land on the opposite bank of the Allegany River. He was alive the day afterward, but was expected to survive but a day or two."

IMMIGRATION .- lu the early part of this week, says the Rochester Advocate, two canal boats passed west, having an aggregate of 240 Norwegians on board. Yesterday another boat followed, with 110 of the same nation-making a total on these three boats, of 350!

We met a gentleman who had received a letter from Galveston, informing him-on the authority of Col. Cooke-that every merchant vessel in the port of Vera Cruz, some fifteen or twenty, had been pressed to convey Mexican troops to the number of 7,000 to Yucatan-as was said, but it is surmised their destination is the city of Galves-[N. O. Pic.

A horrible affair occurred in the neighborhood of Brownsburg, Reckbridge County, Va. on Sunday week. A man named John Reed, a blacksmith by trade, who had been observed to be laboring under mental derangement for some days before, made an attack upon his wife and eldest daughter with a bar of iron, no doubt with the intention of killing them, but they succeeded in making their escape. He then caught two of his younger children, whom he killed in the most shocking manner. About this time, Capt. James McChesney, of Brownsburg, who happened to be riding by in company with another other gentleman, attracted by the noise, attempted to enter the house, but was immediately felled by the infuriated maniac with the bar of iron, and his skull se fractured that he died in about two hours. Capt. McC. was a most worthy man, and has left a wife and a large family of children .-Reed has been lodged in the Rockbridge Jail for safe-keeping.

WHAT IS LIFE Without Health? Philadelphia, December, 1837.—To Dr. Jayne—Dear Sir: The astonishing and almost miraculous effects your ex-pectorant had on my neighber, the Rev. Mr. Busting, whose case you will recollect, was given over by his physicians, and who himself had lost all hope of ever being permitted to preach again, but who, from the use of your medicine, is so far restored as not only to be able to walk out, but also to preach, made so wonderful an impression on my mind, that after consulting with several friends and learning that you were a regular Practitioner of Medicine, and that your which the public are so frequently duped—for you must know that I am a mortal enemy to quacks—I called upon you and purchased half a dozen bottles, and told you that, if I lived to take them, you should have a good report from

I am alive and well this day! thanks be to a merciful God and your Expectorant; and now I come forward sheerfully to fulfil my promise.

For twenty long years had I been a constant sufferer from the effects of a hard, dry cough, pain in my breast, and difficulty of breathing; the last five of which, chills and fevers, every spring and fall, were added to my misery. I was worn away to a mere skeleton; with the greatest difficulty only cauld I get up and down stairs; my ametic was one. worn away to a mere skeleton; with the greatest difficulty only could I get up and down stairs; my appetite was gone, and my strength had so far failed me that my frieads were persuaded I could not survive many weeks, unless I obtain relief. Indeed, sir, my situation was so miserable to myself and so distressing to my family, that I felt willing to die whenever it should please the Master to take me home. But I heard of your medicine, and rehef came. Yes, it proved the 'Balm of Gilead' to my poor, afflicted body.—Before I had taked one bottle I experienced a mitigation of all my symptoms, and, to my great joy, I found in the continued use of it the happlest relief. In short, sir, it has made a perfect cure of me, and I can truly say I have no

made a perfect cure of me, and I can truly say I have no desire to be better.

Now, I consider it is a duty I owe yon, and, through you, the public, to make my case known, believing that it will be the means of directing hundreds who are afflicted as I have been to the use of a remedy, which, under the blessing of God, I consider to have preserved my life.

You are at liberty, sir, to make use of this letter to your advantage, and make my case as extensively known as you please. If there be any who doubt the truth of the above account, (for I have heard that many persons who have cures to sell forge certificates and publish them), refer them to me. I shall be happy to see them, and I will not only confirm the above statements, but will give them particulars which it would be unnecessary to furnish for the public press. With everlasting gratitude, I am, dear sir.
